DOUBLE DICK TATION

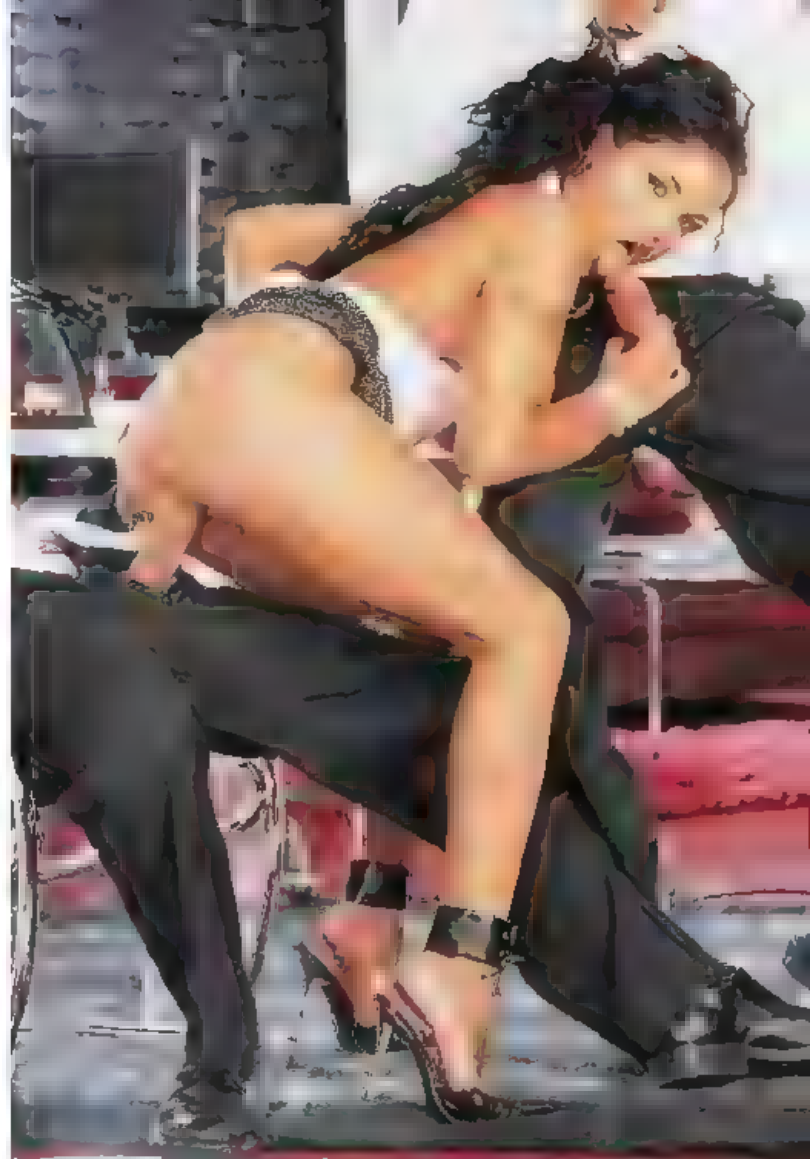

When The
Secretary
Looks Like
Sexy Lanny
Barbie, The
Company
Executives
Are Always
Available
For Some
Carnal
Consultation!

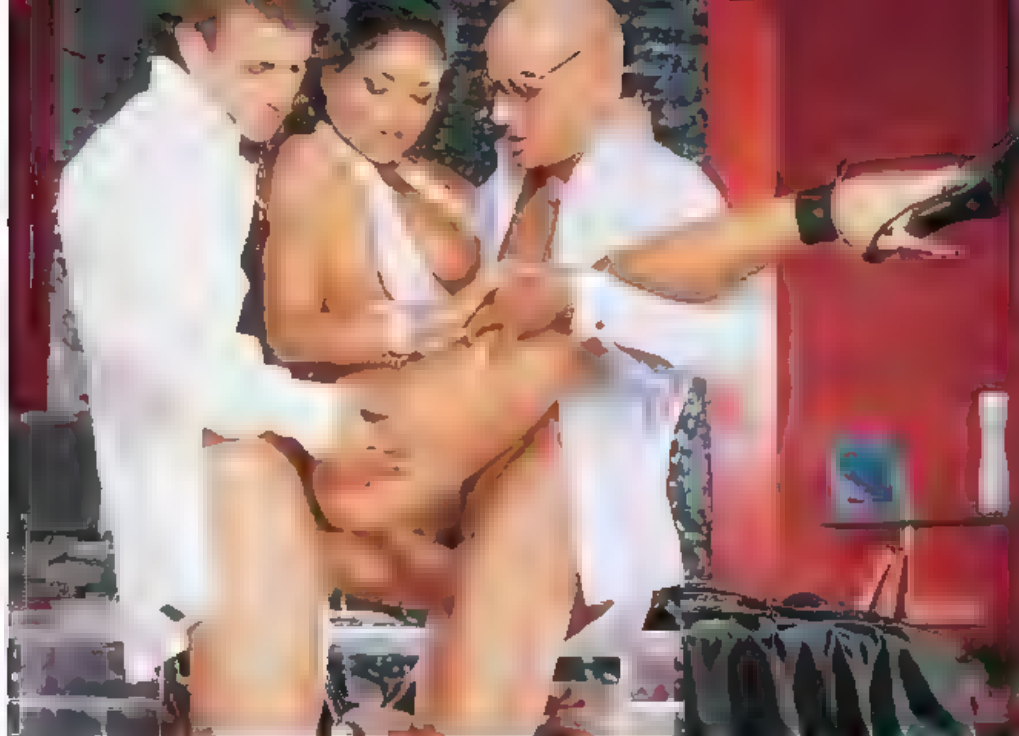

Okay, you've got this new company you're trying to get off the ground. It requires long workdays, seven days a week, close attention to details, and a constant need to attract new customers and then keep them happy. You've also just hired a receptionist who happens to be part-time porn star Lanny Barbie. Now here's where it gets really hairy. You're trying to focus 100% on your company, but Lanny's having a hard time trying to fit into the regular work world. It turns out that she's horny all the time, and if you don't watch out, she'll have your cock out of your pants and in her mouth all day if you let her. What can a poor guy do?

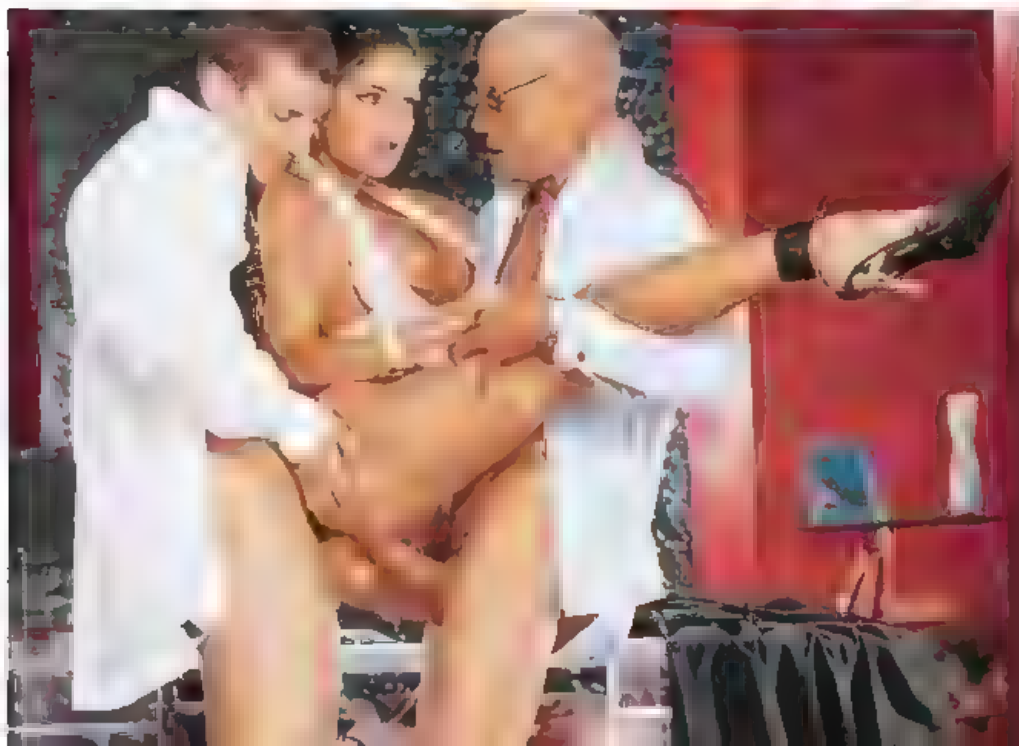

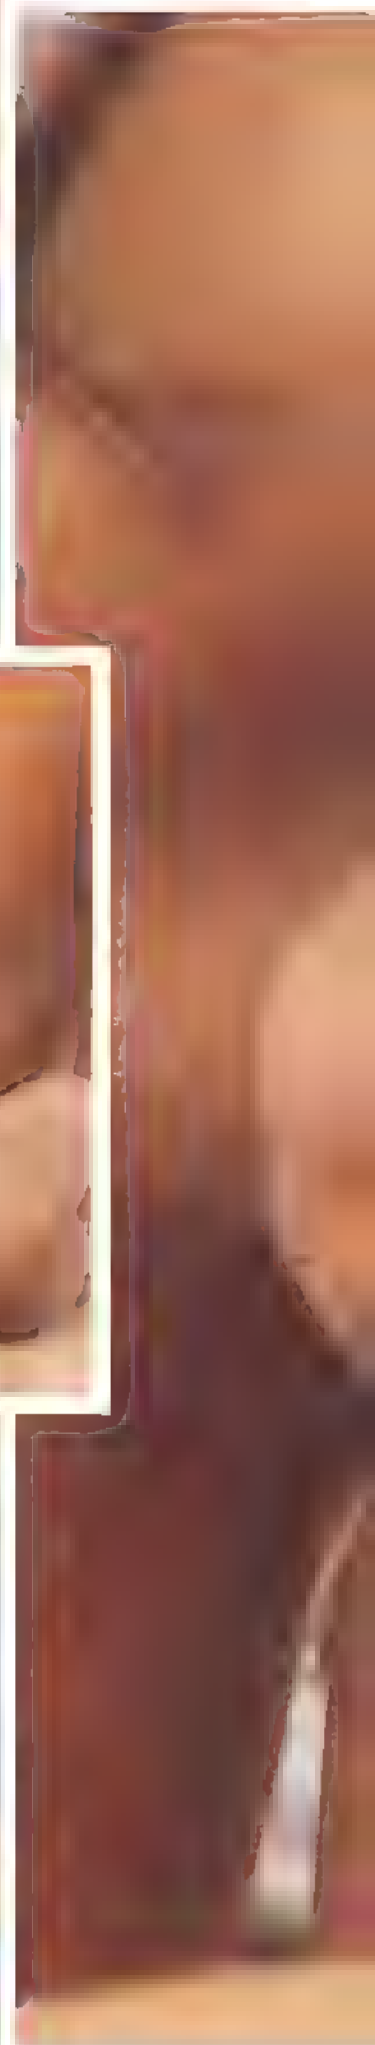

The demands of running an up-and-coming tech company are many, but they're nothing compared to the sexual demands of someone like Lanny. It's bad enough that she's so needy all the time, but what makes it worse is that you're going to be distracted no matter what. Let's face it, if given your choices between conducting regular business and tending to Lanny's desperate sexual needs, which one are you going to choose? Especially if she's already got your cock out of your pants.

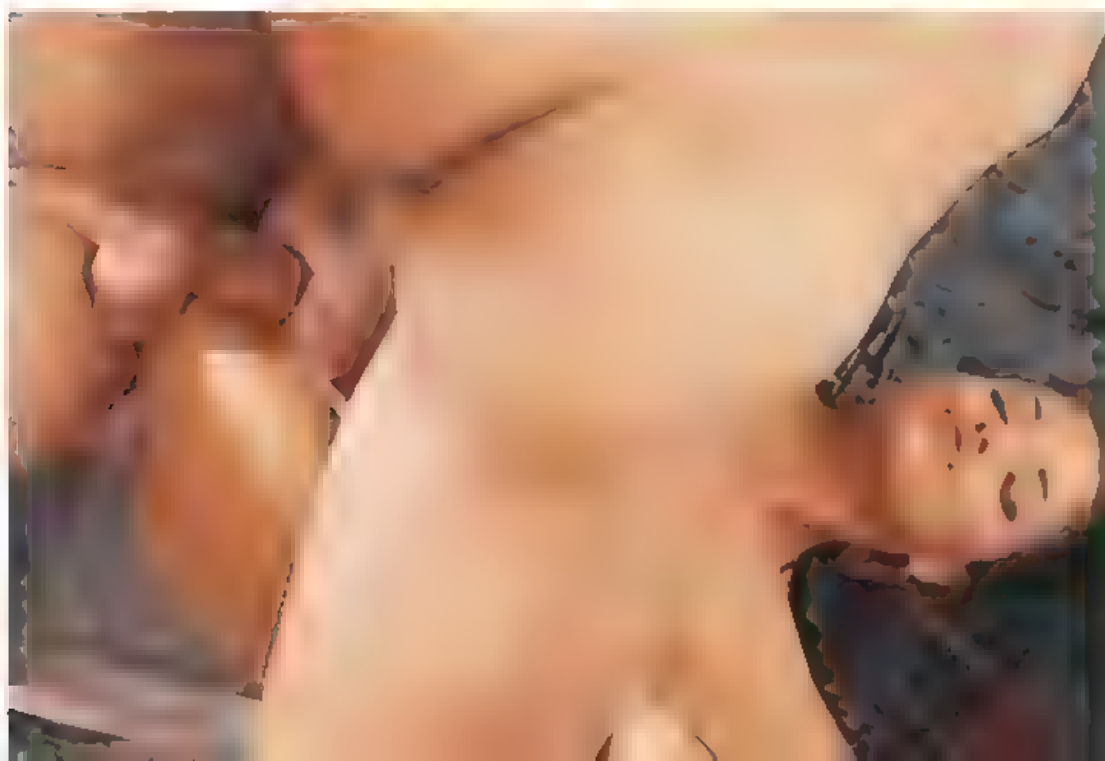

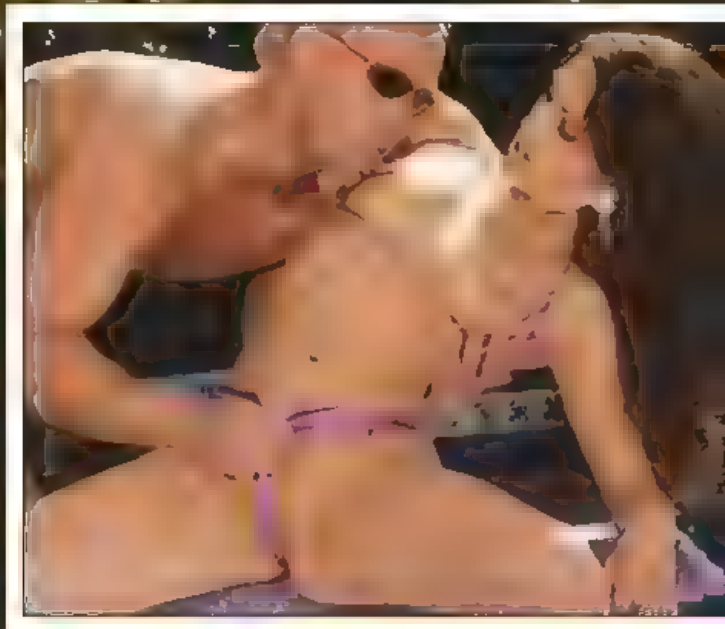

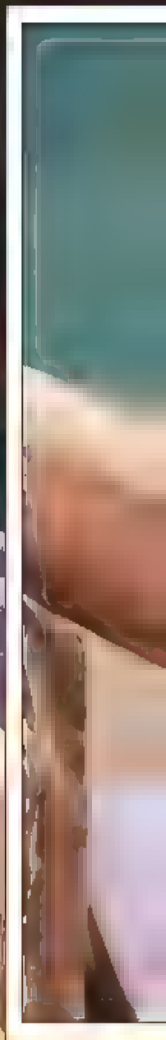

Having one executive
cock pumping her
twat and another one
shoved up her ass is
simply business as
usual for Lanny
Barbie. The girl just
doesn't have a proper
aptitude or attitude
to be a corporate
receptionist/secretary.
She can take more
dicks per minute than
she can type words.
When all is said and
done, Lanny's just a
terrible distraction in
the workplace. We
advise you not to hire
her for your office.

Rock-Hard Inch

Third One!

A normal guy risks his life and limb—especially *that* limb—when he talks French porno stars Me ssa Lauren and Katsum into having sex with him. Either one of these girls is a handful on her own and should never be approached unless you fully understand what you're getting yourself into. Together they're downright dangerous. The term "cock greedy" doesn't begin to describe these two. They want to get fucked hard in every hole. Every hole!

As far as Melissa and her French-Vietnamese pal Katsumi are concerned, sucking a cock and getting their pussies well fucked are only the appetizer, the warm-up. Don't be fooled by the fact that these girls can double suck a cock for a half hour without being bored or that they can happily have two or three orgasms as they get their clits sucked or their pussies fucked. In the end, it's all just foreplay for getting it in the end. Each girl gladly waits for that moment when Ben's big cock plunges into her asshole and pumps her into ecstasy. And they know that they've got Ben all night, enough time to quell their anal cravings.

SECURITY SODOMY

Taylor's
Favorite
Part Of
Her Job Is
The Cavity
Search!

Nothing gets past airport security officer Taylor Rain. "You can never be too careful," she says. "Especially with these big, hunky passengers with bulges all over. When I see a big bulge in their pants, well, that sets off my personal alarm system. Time for a full body search in the back room."

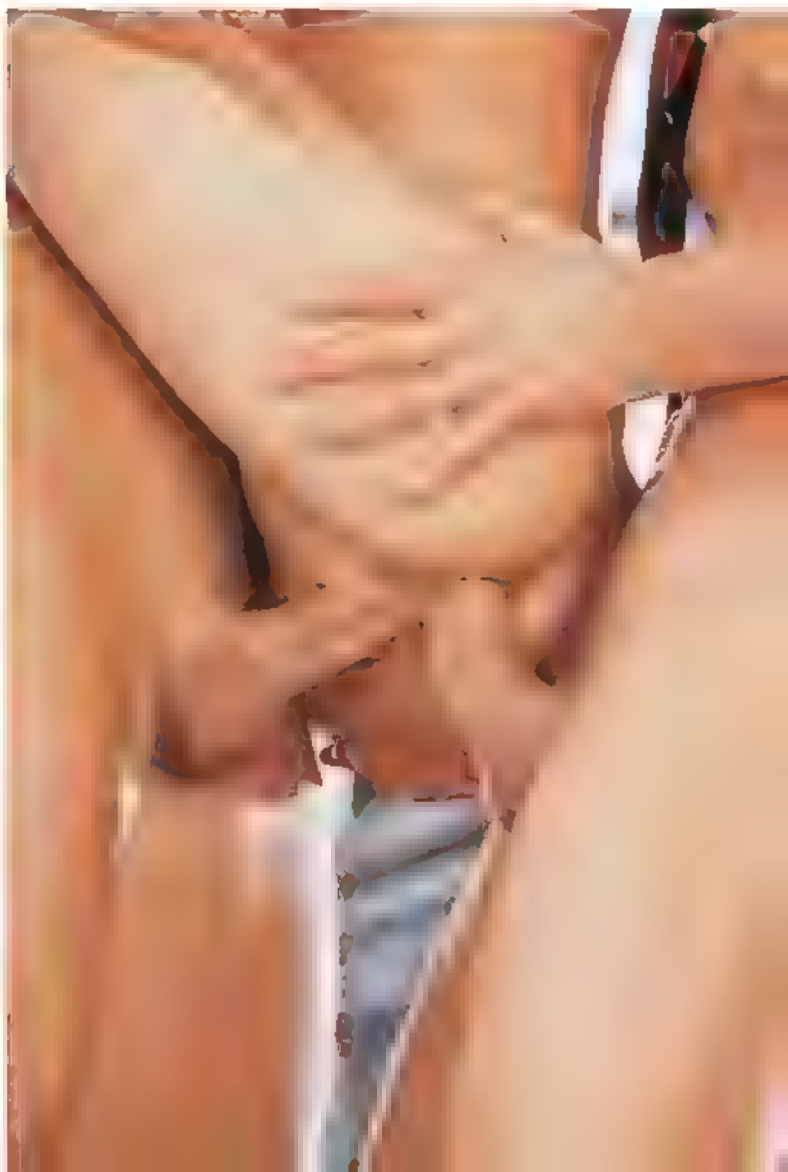

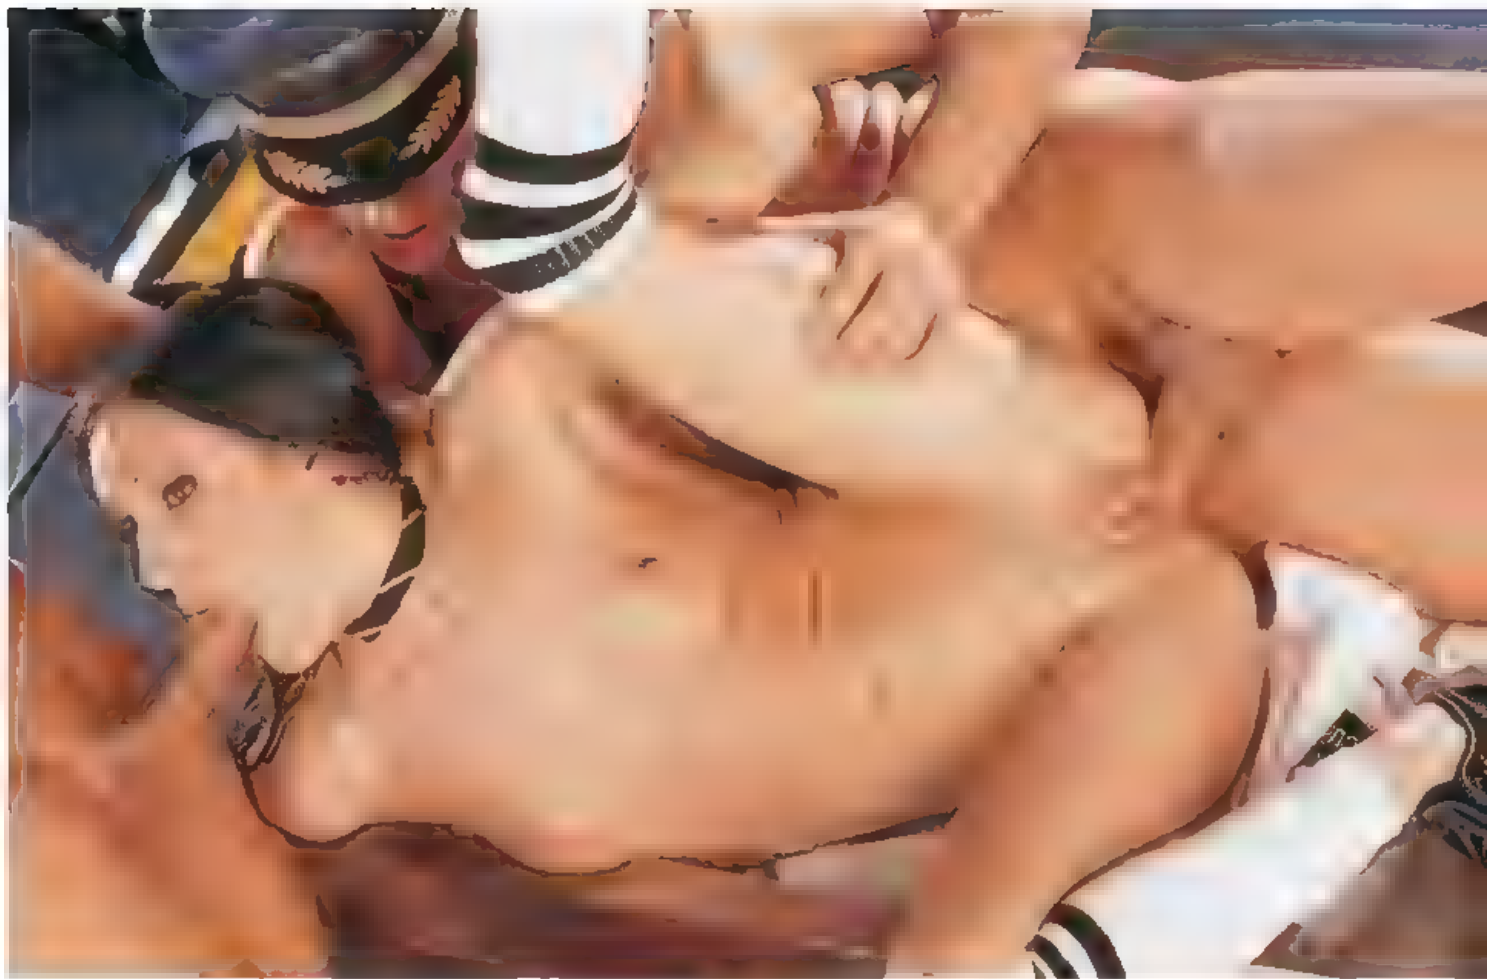

As a matter of routine, Security Officer Rain told the passenger to take off his shoes. Then her trained eye saw the suspicious bulge between his legs. What was he hiding in there? "Sir," she said, "Would you follow me to the security area, please." To a tall airline pilot behind him, she added, "And you, sir, could you help me with this? I just might need a little backup." Once inside the security room she instructed the passenger to take off his pants. The pilot said, "Officer, while we're at it I should take mine off too." "Good idea," Officer Rain told him. "And just to make sure nobody's hiding anything, I'll take off my clothes too. We can never be too diligent in our pursuit of airline security!"

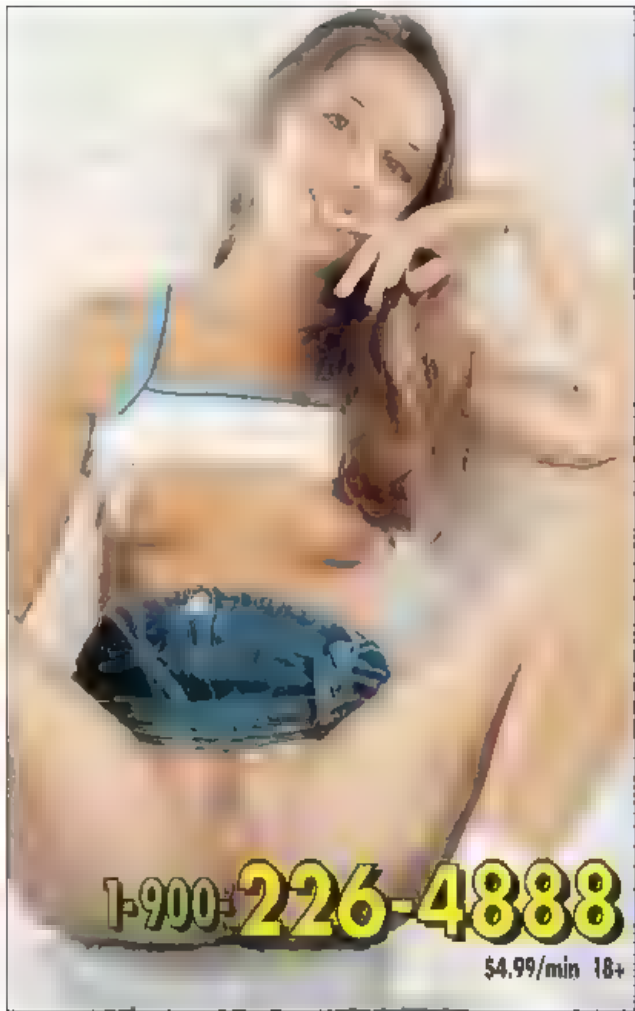

Security Officer Rain wants to make sure that every possible security breach at her airport is plugged, and if anything is going to explode it should be contained in the security area preferably in her mouth or deep in her ass. So if you happen to be travelling by air anytime soon and a young woman who looks like Security Officer Rain notices a suspicious bug and asks you to step into the back room for a closer inspection, go quietly and don't make a scene. If you're lucky she'll complete her full body search quickly and have you back on your way in no time at a

VANESSA'S ANAL APPEAL

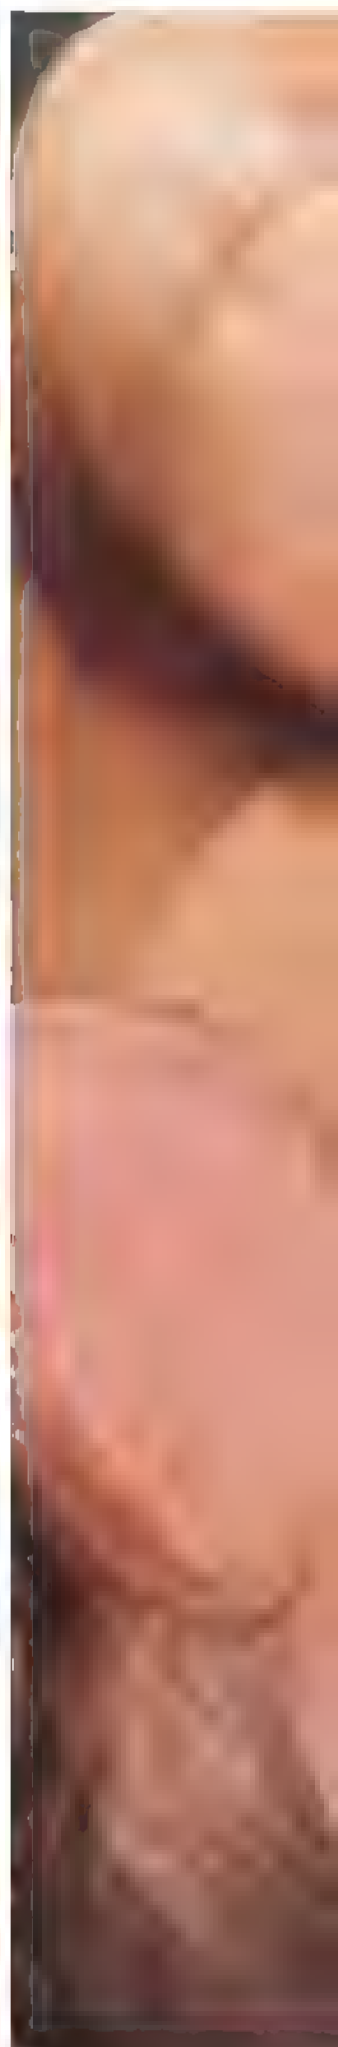

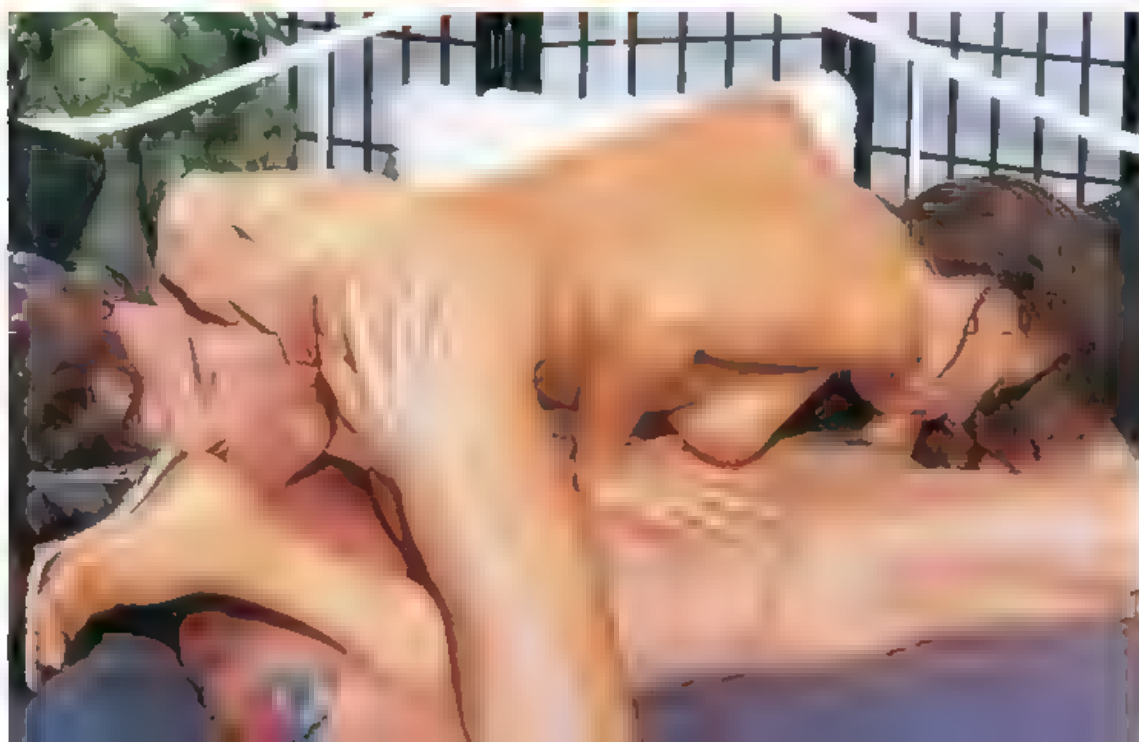

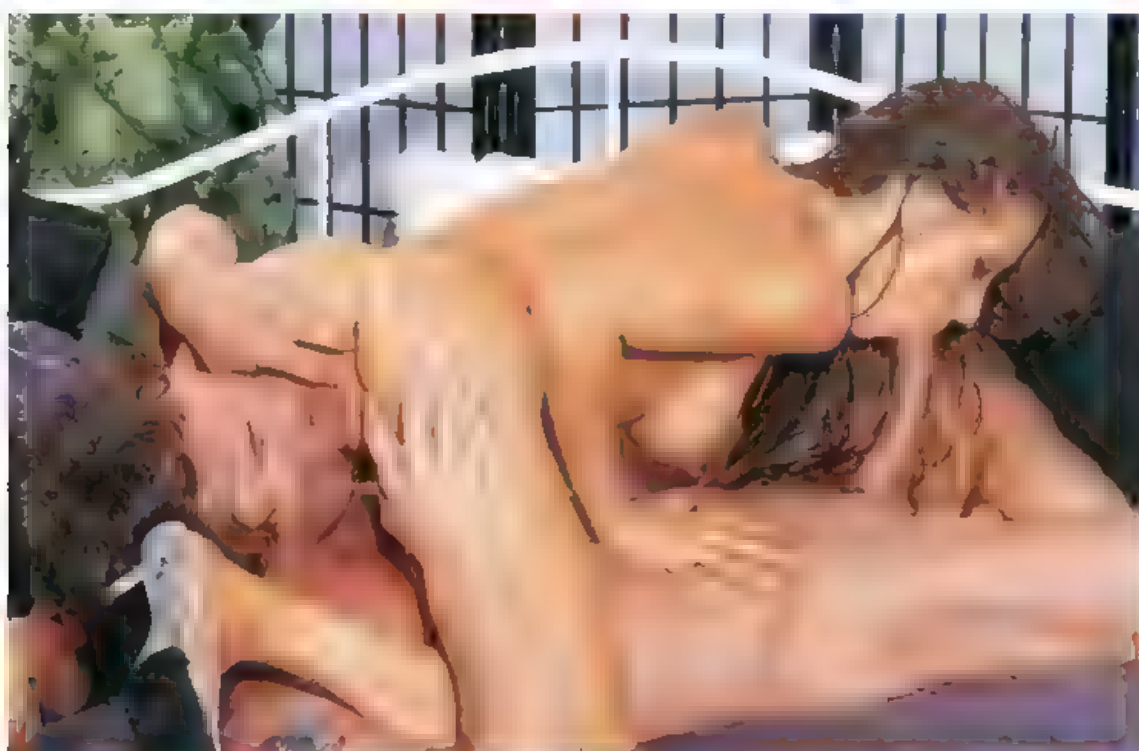

She's Only Lathering Up His Big

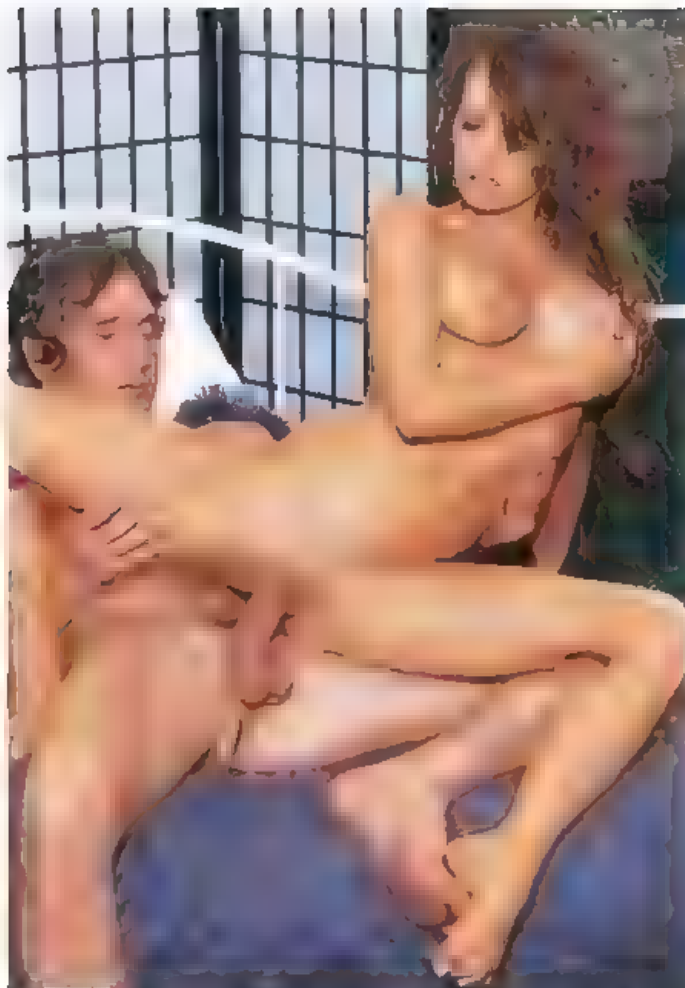

Nick's big, fat cock is everything Vanessa has been waiting for (For that matter, Nick Whatzisname ain't so bad either she says.) But regardless of his intentions she has her own devious designs. She's going to suck on it and lick his balls until they're bright red, but she'll keep his cock tight in her grip, just in case it starts to pulsate in preparation for a blast off. The last thing Vanessa wants is for Nick to shoot his wad. Her cock sucking is a means to an end, not the end itself. She's fattening Nick up for bigger things, mainly that big booty of hers

Now that Vanessa has Nick plumped up to full redness, she needs to warm herself up for the finale so she climbs atop him and lowers her pussy lips around his

cock. Again, she works slowly and deliberately, because she doesn't want him to come too soon.

But when her own temperature rises to fever pitch, she's ready for the main event. It's time to spread her ass and feel Nick's big, red cock inside.

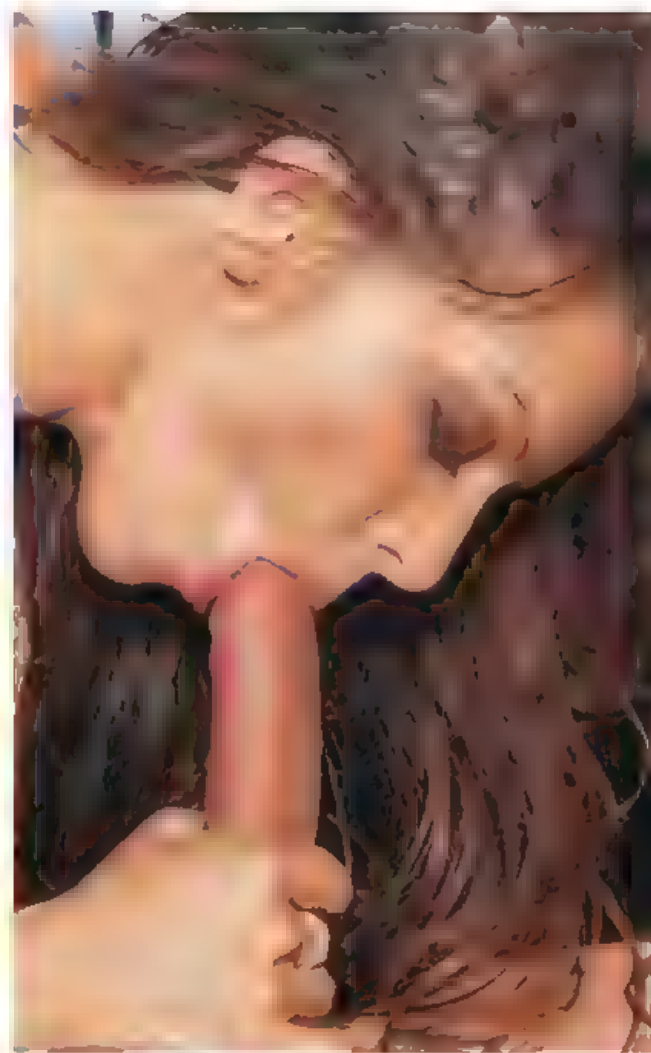

That's the only reason why she's putting all of her attention on

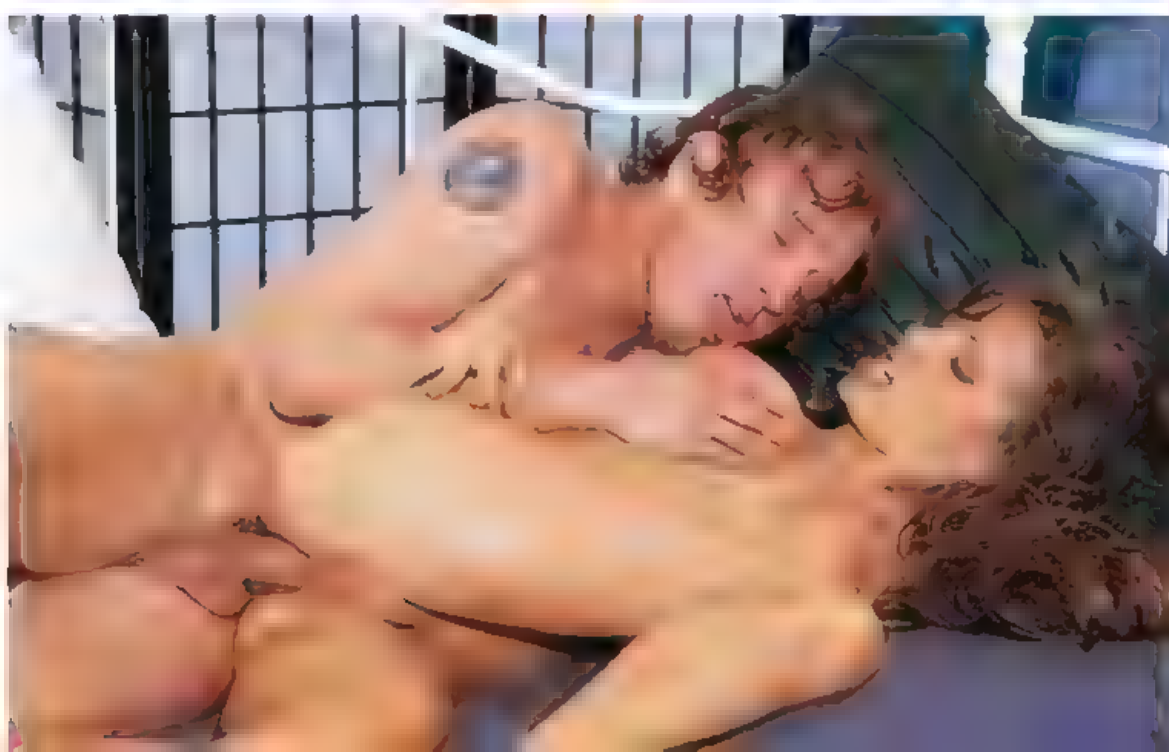

Nick's cock. For Vanessa is an anal bitch who needs her daily fix of ass dick!

CARNAL CAMERA

When our roving photographer was flying to Amsterdam on assignment for **VELVET**, he met a young couple sitting next to him who—after he told them what he does for a living—felt comfortable enough to admit to him that they liked to look at boy-girl lay-outs in magazines and imagine themselves doing whatever the models were doing. Not only that, but they love to role-play when they travel: One of them is sight-seeing, and the other pretends to be a foreigner who can't speak English. Without a word they go to a secluded (but somewhat public) place, where they make love together.

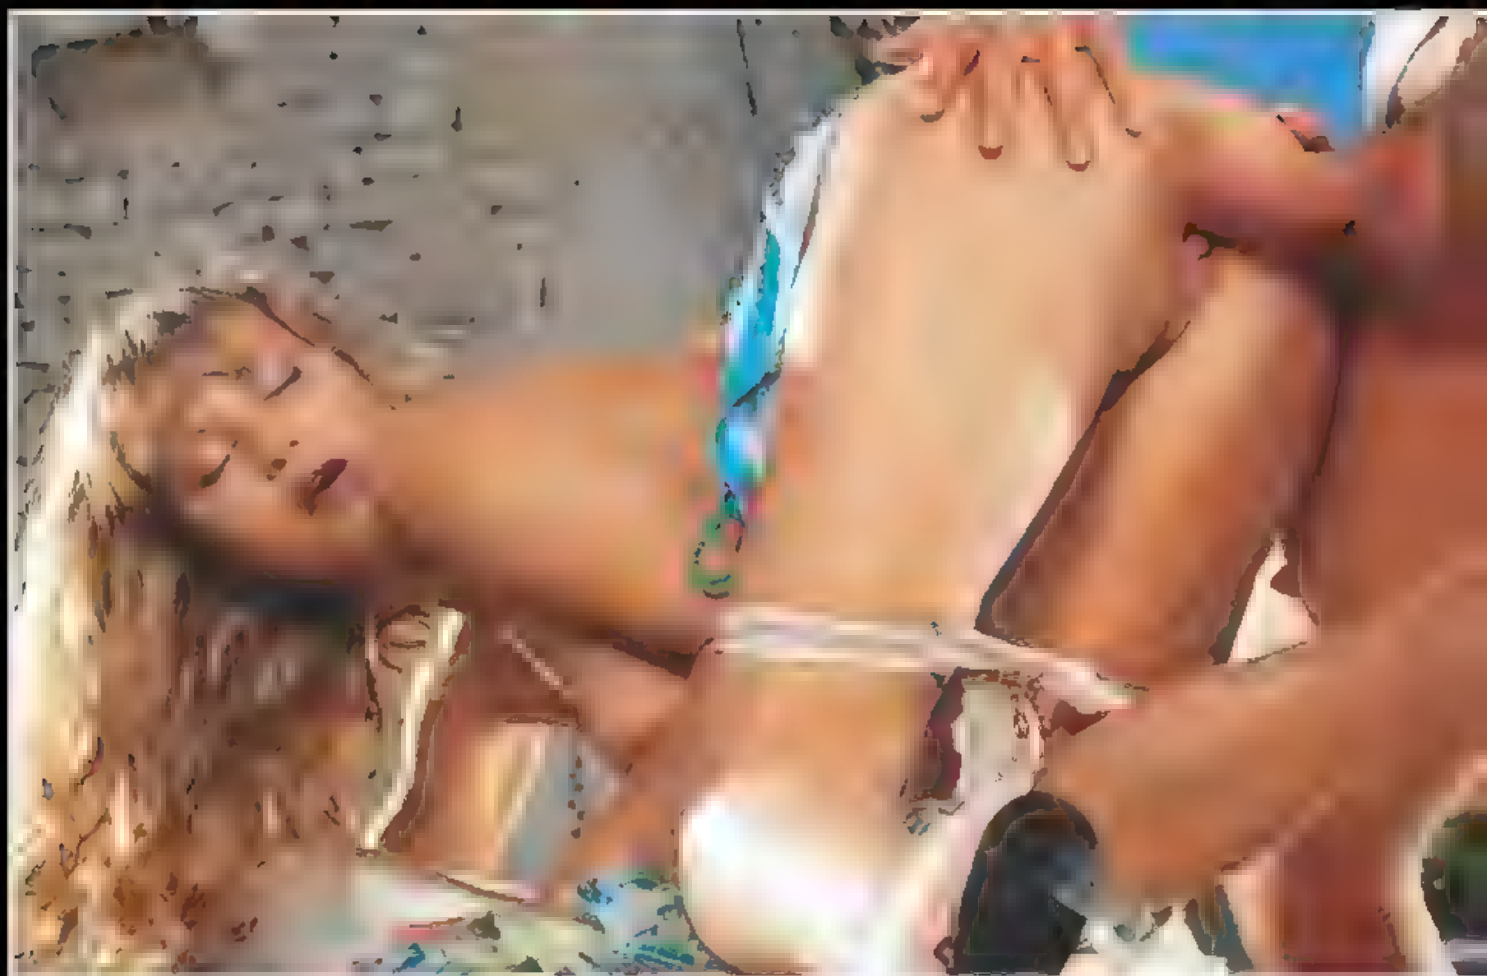

Our roving photographer has agreed to meet the daring young tourists at an old French chateau, and capture them fucking in a role-playing ritual!

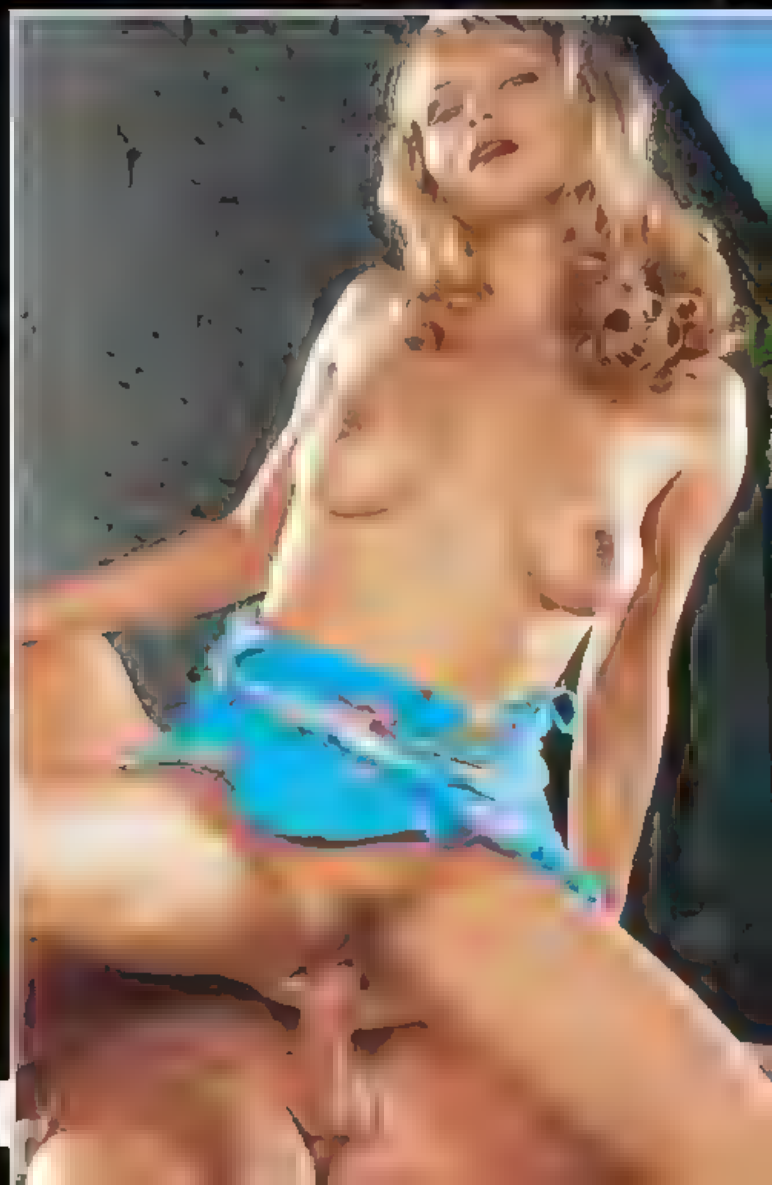

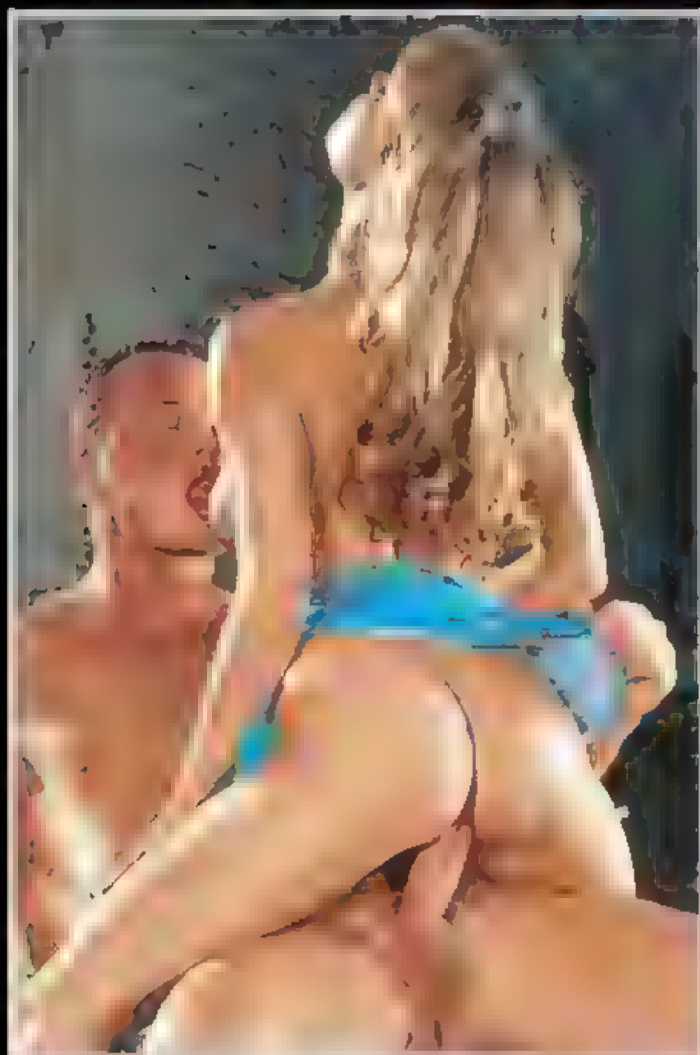

This is a special game they're playing. He pretends to be a tourist at this out-of-the-way chateau. She pretends to be a mademoiselle who happens to be on an early morning walk. And our photographer pretends to be roving through the area with his camera at the ready. The minute the French girl and the American tourist make eye contact, our photographer starts clicking.

Without a word being spoken, the mademoiselle lets the American stranger know she's interested. As she looks at his crotch, he tells her, "Oui, oui!"

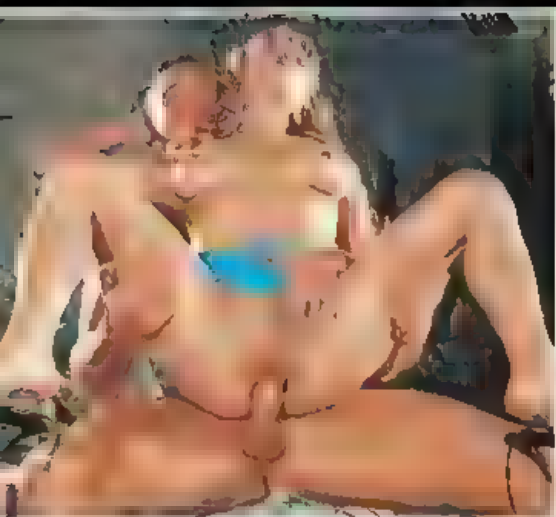

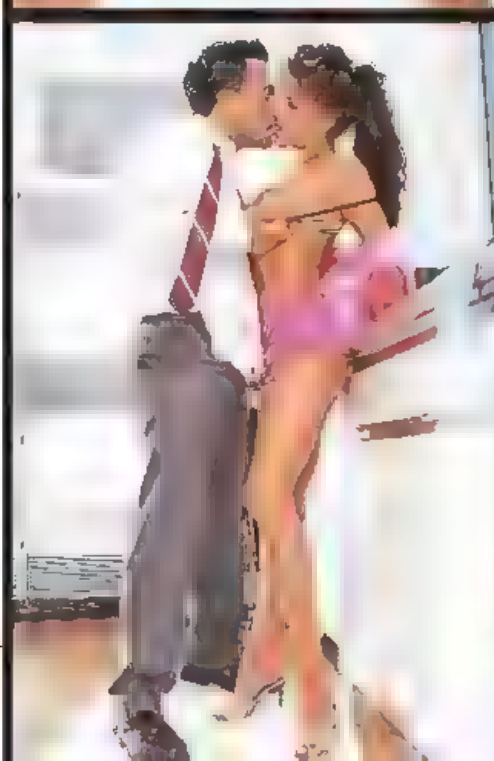

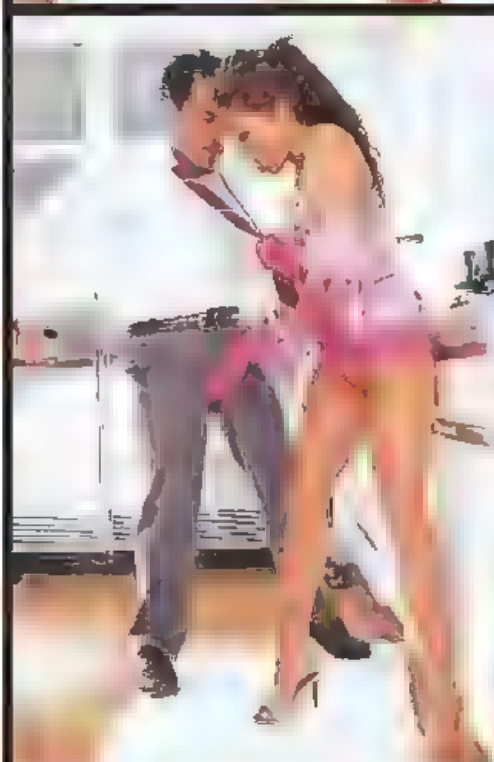

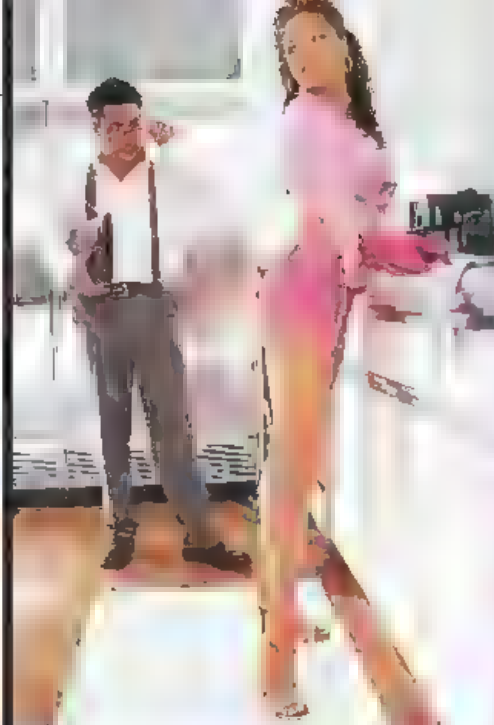

It's amazing how an exotic locale and a total change of character can make everything new and different. This young couple has made love hundreds of times, and yet on this early morning, with the sun breaking out of the haze and illuminating the ancient walls of the castle, they feel like strangers meeting for the first time. Because it's so sudden and so quietly anonymous, their accidental rendezvous feels deliciously illicit. Their first kiss is hard, lips crushing against lips, and their lovemaking becomes furious and exciting, because they know that once they've made each other come, their characters will say farewell and never meet again. The best part of all will be when they return, separately, to their hotel in Paris, pretending that they haven't been having a tryst with a stranger in the ruins of a French chateau. Their game is a multi-leveled charade. They'll pretend they hadn't been pretending when they pretended to meet a stranger early that morning.

But they can't deny it really happened, because our photographer was only pretending that he "pretended" to take pictures of them fucking and sucking!

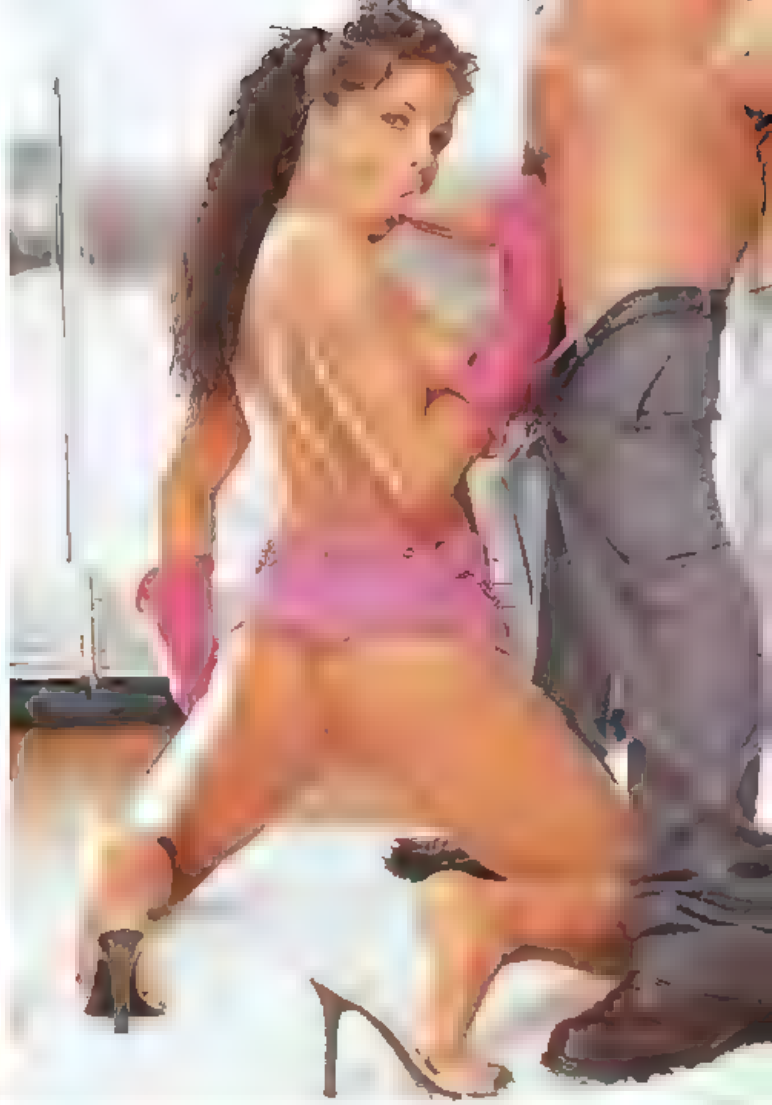

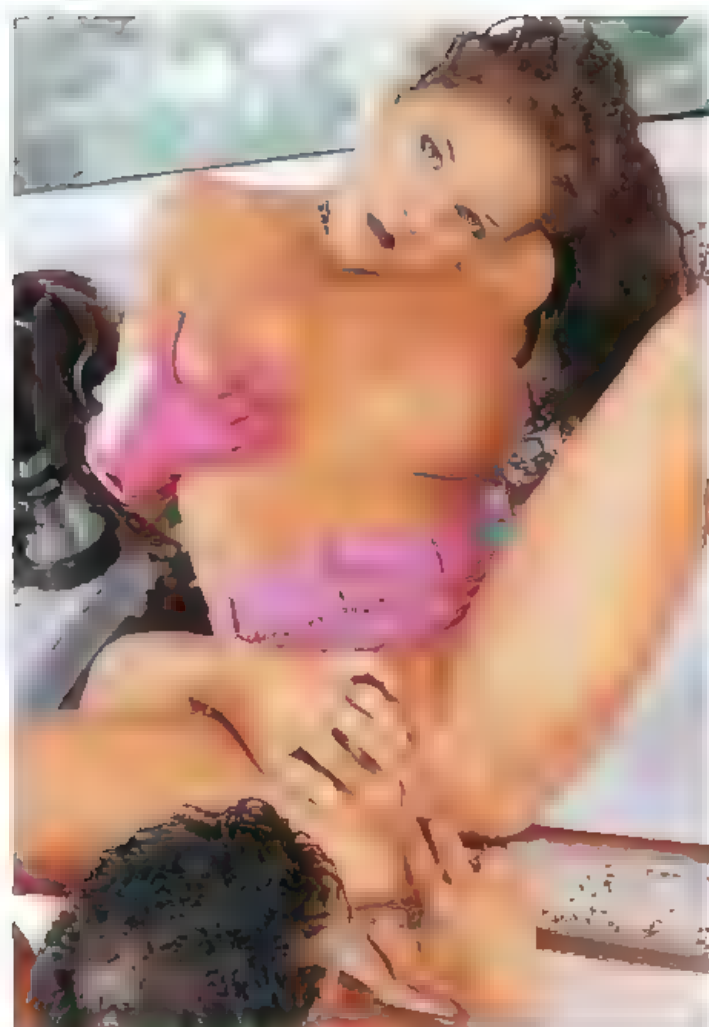

Lanny & Bobby

KITCHEN COOZE

**Nothing Says Lovin'
Like Slipping Into
Lanny's Oven!**

It's a tough old world out there for a working stiff like Bobby Vitale. You get up early in the morning to the insistent screaming of the alarm clock, then you stew in rush hour traffic for more than a half-hour, then you have to deal with the ass-holes and aggravations at the office, and then you have to get back into your car for the long, torturous journey back home. But what makes it all worth while is knowing that a little something is waiting for you in the kitchen, ready to soothe your soul with a few soft words and a tasty treat or two. And if she happens to be the very beautiful Lanny Barby, well, that's even better, right?

Somehow all the cares and stresses of the day just melt away when

Bobby walks into the house and says, "I'm home, honey!"

Barby answers

"I'm in the kitchen, dear"

He walks in to find her standing next to the

oven, with a little apron over her dress

looking suitably domestic, just

the way most men like their

sexy women

Except that

Bobby isn't the usual guy who

wants his woman to be a

whore in the bedroom and a

cook in the kitchen. He

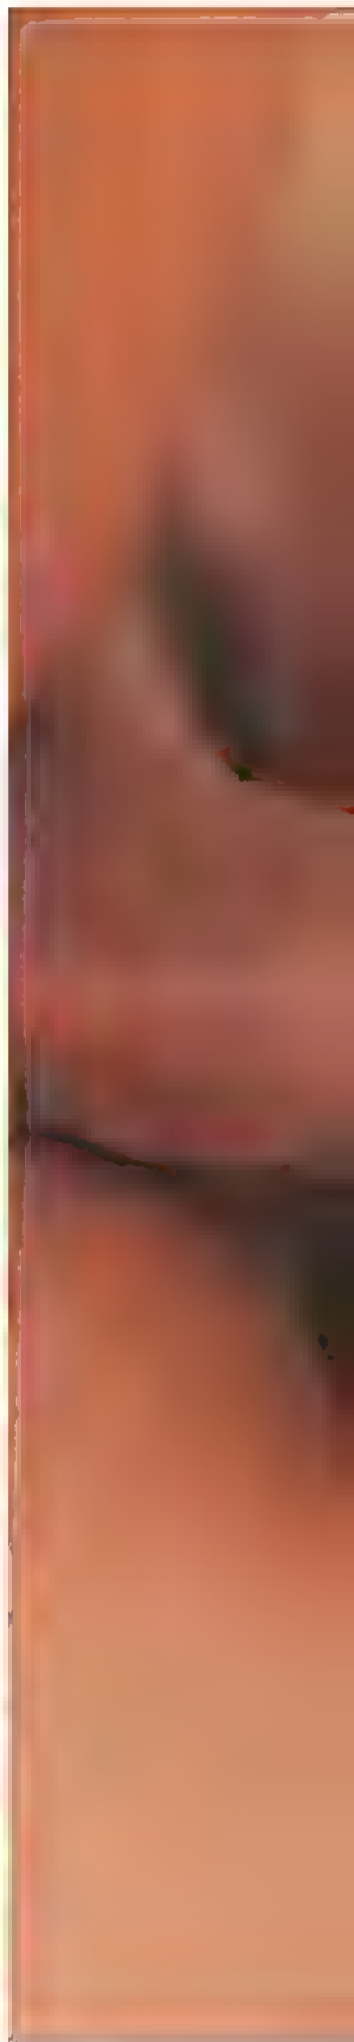

wants her to be a whore in the

kitchen who really knows

how to get cookin'!

The secret about Lanny is that she's just a domestic diva at heart. Dancing at a strip club or having sex on a firm set kind of leaves her cold, but put her in a kitchen with an apron and she turns into a sexual tiger. With the right guy, she wouldn't be totally opposed to the idea of being kept barefoot pregnant, and standing by the oven at night. Because basically she's a nice French-Canadian Catholic girl who gets turned on by old values of hearth and home. And her hottest hearth of all is her own luscious body.

TIFFANY AND NICK...

...and
cuckold
makes
three!

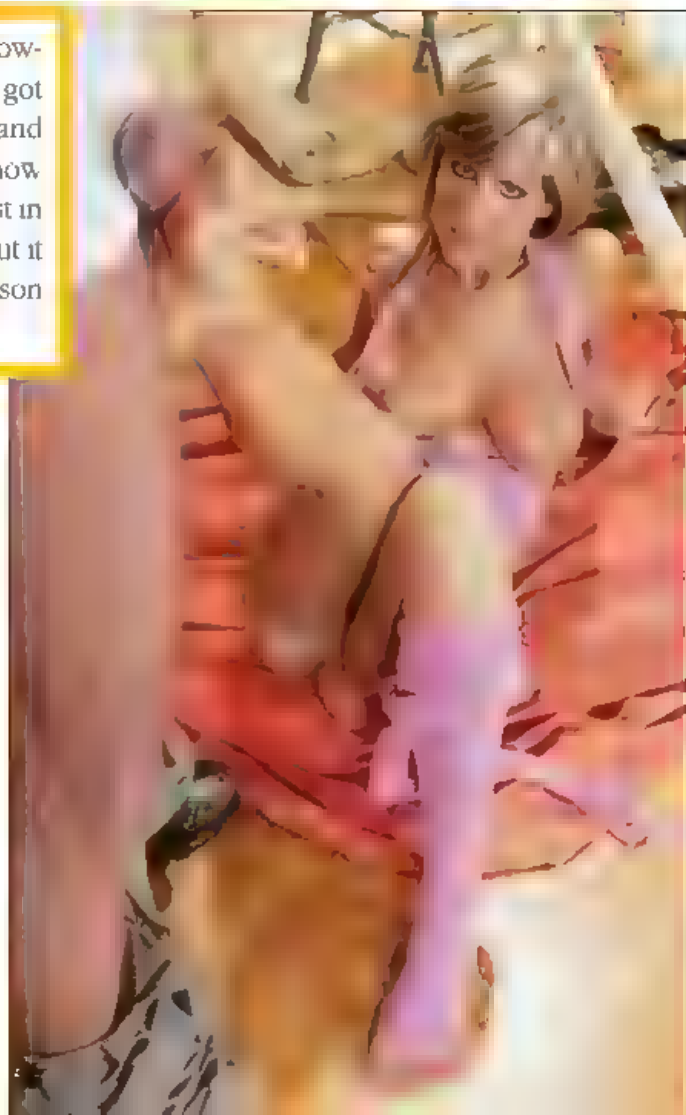

Tiffany's happy cuckold has taught her the pleasures of foot sex, to which she is now thoroughly addicted, and she needs this kinky loving from her casual studs, too. Isn't it funny how quickly a non fetish guy will turn into a leg worshipper when he knows he's going to get some pussy down the line? But little does he know how he too will become addicted to the taste and aroma of provocative female feet..

Tiffany's enjoyment of Nick's cock and tongue is enhanced by knowing she's going to send her hubby an email later all about how she got this hunky contractor to suck her toes, pay homage to her calves, and then, at her signal, squirt his semen very deep into her pussy. Oh how she loves to feel a dick throbbing out its cream while the guy is lost in the aroma of her pantyhose! And her cuckold will love to hear about it all in that email. Yes, not all threesomes happen when the third person is there—but that doesn't mean they're not threesomes!

PORN'S MOST IRREPRESSIBLE CARNAL CHARACTER?

It is no easy to define William "Bill" Margold, either personally or professionally—but trying to figure out the man whose business card reads "God Created Man, William Margold Created Himself" is probably going to be a losing proposition in any case. The US porn industry has certainly spawned more than its fair share of characters over the years, but if one would try to finger the most unique personage of them all, Margold would easily have to make everyone's short list. For the past 35 years or so the now 60-something porno-for-life has held and XXX-balled at virtually every adult industry job in existence—and then created a slew of new ones to boot. From fucking in nearly 300 porn titles (first stepping up to the hardcore plate acting in the August 1972 production of "The Goddaughter" playing the role of Dimmy—and then seeing for the first time two months later in "Love Sandwich") to directing dozens more; from running the first XXX casting agency in the US—"Rab" Sunset International right on Hollywood Boulevard in the days when porn was illegal; to writing thousands of newspaper and magazine stories about the porn industry and the people in it; from scripting perhaps the most important sex taps ever made in "Caught From Behind 2," which eventually became the legal test case that decriminalized hardcore flicks in California in 1988, to founding and managing numerous X-biz organizations ranging from FOXE (Fans Of X-Rated Entertainment), PAW (Protecting Adult Welfare) and XRCO (X-Rated Critics Organization)—among others, to testifying before the notorious anti-porn Meese Commission to defend the rights of X'ers, Bill Margold has had his hands, head and penis in virtually all the important carnal crossroads that have led up to the composition of the modern North American porno industry today—an all-encompassing suks-for-bucks-biz trajectory and legacy that not only appears unparalleled, but nowhere near its final conclusion.

But whether as a critic, a political activist, director, actor, scriptwriter, agent, peer counselor, advocate or as he's been often described, the conscience, of the US adult pornography industry—Margold's personal passion, unvarnished honesty and often brash verbiage has repeatedly

plitted him tooth and nail not only against the various governmental bodies and those seeking to shut down modern XXX-making, but even the very porners he so ardently defends, never hesitating to upbraid those in Xland whom he fears don't have the interests of the actors, the fans and the less powerful and economically fortunate souls at heart. Indeed if nothing else, in all of Margold's adult entertainment industry ventures he has continually and consistently placed the welfare of porn performers, the quality of adult products, the treatment of hardcore producer consumers, and the future of the sexual entertainment industry as a whole above all other carnal considerations. And, he bears the fruits of his often unpopular labors, as well as the resulting scars, as badges of hardcore honor.

Although Margold's ample on-screen talents quickly led him to becoming one of the more well-known porn studs in the early '70s and '80s, fittingly, he actually got into porn initially to chronicle it journalistically, seeking to emulate one of his journalistic idols, author George Plimpton. Margold

wrote prolifically about the increasing variety of experiences in porn, until he realized his place in life was not just writing about it, but living in the adult sex business and working to make it flourish.

"I never wanted to be only one thing, I wanted to try it all," says Margold. And that is where Margold got really "serious" about the pro-fuck biz—and began focusing his time, energy, money and considerable gift for gab on defending and promoting X-interests—soon becoming the subject of literally thousands of mainstream media interviews, quotes and citations, being called everything from a porn industry historian to an adult entertainment activist to an unofficial "spokesperson" for the XXX biz to any one of a slew of other titles (it was Playboy magazine that first dubbed Margold the "renaissance man" of porn). But no matter how the mainstream press tried to tubby hole Margold, it all really boiled down to a couple of simple Bill Margold "truths." He loves the porn industry, he is

fiercely critical of aspects of it, but he will defend it at all costs.

Often called "Papa Bear" by many adult actors out of respect for his sincerely fatherly-like concern for them (so much so that Margold has continually incurred the off-the-record wrath of numerous porn agents and producers for repeatedly counseling XXX nudies he meets to not get into porn—if he feels they are not prepared for such a renegade lifestyle), Margold's name is part of every hardcore "household" in the US porn production mecca of suburban Los Angeles, where most of the planet's porn is churned out each year. And while most of those eating, buying and jerking off to porn today easily recognize the names and bods of the likes of Jenna Jameson, Tara Patrick and Mary Carey, while drawing a blank on much of the time behind-the-scenes "Bill Margold," it is in fact in many respects Margold who they can in part thank for their many hours of porn-watching pleasure—being he, who has fought tirelessly for the "civil rights" of all things pornographic often at great risk to himself.

X-Rated Renaissance man!
Bill Margold

Margold actually began being arrested for the porn doings almost as soon as he got in the Xbiz, being repeatedly busted in the LA area during the decades known as the "Golden Age" of porn (1974-1982), when making and producing adult fare was actually a criminal offense. Although he was never eventually convicted of anything, it became fitting as one of Margold's career highlights that he played a key role in eventually making LA manufacture XXX legal, thus opening up the formerly closed floodgates on the left coast, and eventually saturating the USA non-stop with hardcore hump-tapes.

"Until the summer of 1988 we were breaking the law everyday; we were considered pimps and prostitutes," recalls Margold. "It is often called the 'Golden Age' of Porn, but for me and others, it was just a time when we were kept getting thrown in jail and bailed out over and over again." What changed all that in 1988 was the so-called Freeman Decision, a case decided by the California Supreme Court that involved the fuck-flick "Caught From Behind 2," which Margold wrote an alternate script and helped produce, such as procuring the Palos Verdes-area home where it was shot. The cops busted the movie, and then famous director/producer Hal Freeman was charged effectively with pandering, and his actors were charged with being prostitutes. The court's decision, which held that those paying for and those performing hardcore sex while making XXX films could not legally be termed pimps and whores, literally legalized porn overnight in California—making it the only state in the US to clearly do so to date.

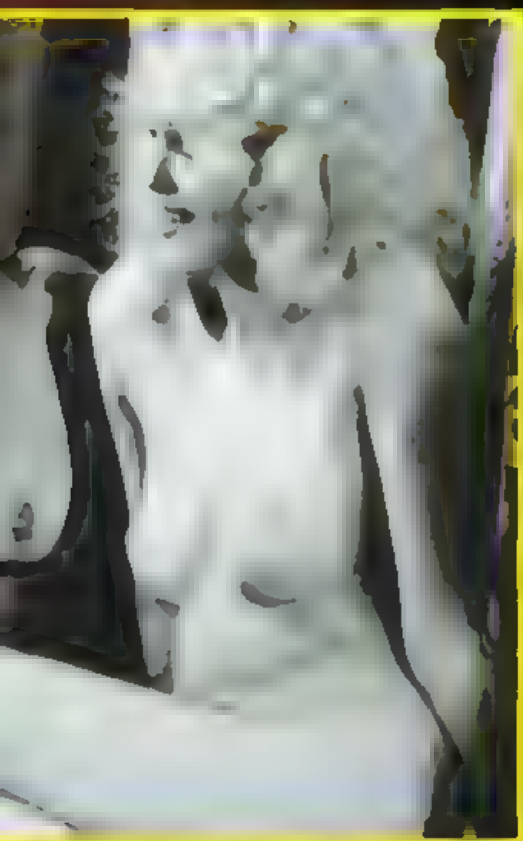

Highlighting as diverse a carnal career such as Margold's is a difficult task, even for

himself—but among them Margold recounts his testimony in front of the rabidly anti-porn Meese Commission in 1984 where he uttered the famous quote—that since has adorned hundreds of thousands of pro-porn t-shirts all over the globe: "In a society that is drug-infested, violence-wracked and polluted by chemical greed...no one has ever died from an overdose of pornography." And there is the internationally circulated picture that Margold conceived and produced in 1991, of a team of scantily-clad

porn babes in military garb struggling to raise an American-flag in two Jima-fashion, which has become an enduring iconic image of the worldwide adult video industry. It was in summer of 1994 when Margold singlehandedly founded PAW—announcing the birth of the self-porn-help group the same day as the tragic suicide of then-leading porn actress Savannah, vowing in a rallying cry to the Los Angeles Times in a widely reported interview, "No more Savannahs!" And shortly thereafter Margold, in the wake of a severe HIV outbreak among porners in 1997, set up and ran the porn biz's first medical testing center in Sherman Oaks for the deadly disease—a major step that led to today's porn industry's state-of-the-art system to protect adult actors and actresses from sexually transmitted diseases. But from the days of fucking in the likes of older porn movies such as the "Erotic Adventures of Peter Galore", "Marilyn and the Senator", "The Disco Dolls in HOT SKIN in 3-D", "Weekend Fantasy", and "Lust Inferno" to directing "Immorals (1-4)", and "Frat Brats"—Margold over time began to give up on-screen fucking and directing by the mid-'90s and early 2000's while continuing to number of non-sex roles (receiving considerable critical acclaim, and even winning Adult Video News' 2006 award for his performance in the X-rated feature "Dark Side")—preferring to focus all his one-man-band-type erotic energies toward his truest callings—standing up for porn and it's people. "We don't have to have porn movies where the actors are made to feel like pieces of meat and being abused. We need to practice 'common-sense-sorship!'" he quips. Oh, those Margold quips. If Margold is known for nothing else, he is legendary throughout porn land as the master of the one-line sound bite and the pithy quote—which he liberally dishes out daily to anyone he happens to be talking with. A few: "Porn is the playpen of the damned"; "There is no future in porn, if in the present we fail to pay homage to the past"; "The X-rated industry functions in a society of Judases who jack off to us with their left hand and while giving us the finger with their right"; "I am here to defend the adult entertainment industry, and primarily only one letter of the alphabet, and that letter is X"; "Every bit of knowledge I have has to be speculated back into society whether they like it or not"; "This is a blame-oriented society we live in and the adult entertainment industry is the whipping boy for all of society's ills—pornography is the supreme polluter of a mindless society"; "The six most important words in my life are truth, honor, loyalty, friendship, courage and soul"; "There are only two things that you can lose only once in your in life—your

ginity and your heart." There is no dollar sign in the word 'cause'; "The five most important letters in the X-rated industry are 're-b-e-l,' which validates my statement that porn is really an overage version of Juvenile Hall where recess is 24 hours a day and the bell of responsibility never rings." And he has thousands more.

And along with Margold's blasts have often come negative reactions, and many of his rants have not been well received within the carnal community. Over the years, Margold has engaged in dozens of bitter feuds with XXX industry elements that he has crossed swords with, and in magazine interviews, online blogs and one-on-one confrontations, things have often gotten nasty between Margold and those he deems to be detrimental to porno prosperity as he sees it. Indeed one of his most high-cost battles was his recent separation—over policy disputes—from the lone adult video industry political lobbying group, the Free Speech Coalition. Margold was heavily involved with its forerunner, the Adult Video Association, with whom he had worked for, for over 15 years. But on that count for Margold it's all good—always liking his often lone wolf (or bear) reputation, and never being comfortable working for any sort of establishment. "I prefer to be working on the outside looking in rather than being trapped on the inside looking out."

But as tart as Margold's tongue can be, whenever he is holding court for the legions of sex starlets, and X-biz insiders past, present and future, dazzling them with his mastery of porn history detail, faces, females and fornicative fastoids spanning decades, he is always the perfect gentleman. And likewise when manning booths for PAW, and FOXE and other of his carnal causes

as he does a dozen times a year at adult confabs all across the US, the patience and respect he consistently affords porn star fans, has earned him an almost cult-like following of fanatics himself who appreciate his selfless service (Margold has always disdained money, all of his groups are non-profit, and he lives a rather low-rent lifestyle—sometimes so much so that he has had to take odd non-porn jobs just to get by) to the industry they love so much. "I call them the unwashed masses of the adult video industry, I look out for them. I used to sneak fans into the XRCO shows, which are for industry-workers only, so then I created FOXE, just for the fans," says Margold.

But as much as Margold relishes joining new battles over XXX issues and taking on task those that cross his carnal line, he most enjoys talking about the erotica eras gone by, the different generations of porn stars, movies, and sexual situations he has literally lived through to tell the stories. And stories are what Margold is pleased to expound upon, endlessly for hours on end for those who wish to listen, at his apartment or office, when he can be caught in a "talking mood," which is often. He speaks with reverence about the earliest of porn performers. "Cindy Summers, Sandy Dempsey, Sandy Carey and Rene Bond" Margold recalls the names of a few early XXX stars. Margold is credited with discovering the likes of olden days porno queens such as Kelly Nichols in 1975, and Seka in 1978, "I told Seka, 'I will start your career out as hamburger and turn you into filer mignon', while these days in porn, beauties show up as filer mignon who are then churned into hamburger in less than a year." Margold says he wants to nurture porn actors who come to him for help and guidance, and counts among his top-two success stories Pat Manning, Tiffany Clarke, Bunny Bleu—and going all the way back to Serena in 1973, a fucks-for-bucks babe he calls his "sister." He also gave many their screen names, including Bleu, Alex Jordan, Viper and Cannibal. Margold also gave the most famous American porn stud of all time his nickname—being the first to crown the late John C. Holmes, "The King."

Today Margold toils seven days a week from his modest private apartment on a nondescript street in a residential area of Hollywood spending his time writing, being interviewed on porn issues by various media, hosting visiting porno types—many his age from the "Golden Age"—who seek out his advice and assistance, and working the various angles of his non-stop calendar of X-type events by "organizations" and "projects." And Margold's various websites including www.billmargold.com, www.pawfoundation.org and www.foxe.com require constant updating. Tops these days on his to-do "wish list" is creating a porno star "safe house" of sorts, a physical shelter for porn actors needing a secure place to stay and get their acts together, well-distanced from the pressures and temptations of the X-world—"It's something that's long overdue," Margold laments. Somewhere does the "porno guy" who has seen it all and done it all now go from? Margold himself draws few distinctions in time and planning in terms of his "future," just intending to continue doing what he has been doing all along, trying to make XXX a much better place than it is. But as far as his personal legacy is carnally concerned, Margold has somewhat more modest aspirations. "I would be satisfied going into the history books as the man who was in almost all the right places at almost all of the right times to make a difference," Margold wistfully opines—perhaps forgetting for a moment, that he already has.
